History of the Maya civilization - Wikipedia
The history of Maya civilization is divided into three principal periods: the Preclassic, Classic and Postclassic periods; these were preceded by the Archaic Period, which saw the first settled villages and early developments in agriculture. Modern scholars regard these periods as arbitrary divisions of chronology of the Maya civilization, rather than indicative of cultural evolution or decadence.

Mayans | Age of Empires Series Wiki | Fandom
Smoking Frog: (Siyaj K’ak’) (alternative spelling: Siyah K’ak’), was a prominent political figure mentioned in the glyphs of Classic Period (250-800 C.E.) Maya civilization monuments, principally Tikal (which he conquered on January 16, 378), as well as Uaxactun and the city of Copan. Epigraphers originally identified him by the nickname

Ancient Maya art - Wikipedia
Ancient Mayan art is the visual arts of the Mayan civilization, an eastern and south-eastern Mesoamerican culture made up of a great number of small kingdoms in present-day Mexico, Guatemala, Belize and Honduras. Many regional artistic traditions existed side by side, usually coinciding with the changing boundaries of Maya polities. This civilization took shape in the course of the later
