Late antiquity - Wikipedia
Late antiquity is a periodization used by historians to describe the time of transition from classical antiquity to the Middle Ages in Europe and adjacent areas bordering the Mediterranean Sea. The popularization of this periodization in English has generally been credited to historian Peter Brown, after the publication of his seminal work The World of Late Antiquity (1971).

Classical antiquity - Wikipedia
Classical antiquity (also the classical era, classical period or classical age) is the period of cultural history between the 8th century BC and the 6th century AD centred on the Mediterranean Sea, comprising the interlocking civilizations of ancient Greece and ancient Rome known as the Greco-Roman world. It is the period in which both Greek and Roman societies flourished and wielded huge

history of Europe - The Middle Ages | Britannica
Some scholars have advocated extending the period as late antiquity (c. 250–c. 750 ce) into the 10th century or later, and some have proposed a Middle Ages lasting from about 1000 to 1800. Still others argue for the inclusion of the old periods Middle Ages, Renaissance, and Reformation into a single period beginning in late antiquity

Frontiers of the Roman Empire - UNESCO World Heritage Centre
With its forts, fortlets, physical barriers, linked infrastructure and civilian architecture it exhibits an important interchange of human values through the development of Roman military architecture in previously largely undeveloped areas thereby giving an authentic insight into the world of antiquity of the late 1st to the mid-3rd century AD.
