Auditioning can be a stressful part of acting, especially if one has not been trained to audition. Rehearsal [edit] Rehearsal is a process in which actors prepare and practice a performance, exploring the vicissitudes of conflict between characters, testing specific actions in the scene, and finding means to convey a particular sense.

Audition - Wikipedia
For actors in theater, film, and TV, the "audition is a systematic process in which industry professionals make final casting decisions. Industry professionals may consist of casting directors, producers, directors or agency representatives". In film and television, the audition is called a screen test, and it is filmed so that the casting director or director can see how the actor ...
