Guaranteed Quality Management In Garment Industry Of Bangladesh Cedc

Garment Industry - an overview | ScienceDirect Topics
In the garment industry, trims and accessories are used in a wide variety and in a huge quantity. This makes the 100% inspection of trims and accessories an almost impossible task. Moreover, inspection alone cannot assure quality. Hence, there is a need to establish an effective and efficient procurement system for trims as a preventive measure.

Key Performance Indicators (KPIs) for Quality Management
