The Road Less Traveled: M. Scott Peck 2012-03-13 Now featuring a new introduction by Dr. M. Scott Peck, the twenty-fifth anniversary edition of the classic bestseller The Road Less Traveled, celebrated by The Washington Post as “not just a book but a spontaneous act of generosity.” Perhaps no book in this generation has had a more profound impact on our intellectual and spiritual lives than The Road Less Traveled. With sales of more than seven million copies in the United States and Canada, and translations into more than twenty-three languages, it has made publishing history, with more than ten years on the New York Times bestseller list. Written in a voice that is timeless in its message of understanding, The Road Less Traveled continues to help us explore the very nature of loving relationships and leads us toward a new serenity and fullness of life. It helps us learn how to distinguish dependency from love; how to become a more sensitive parent; and ultimately how to become one’s own true self. Recognizing that, as in the famous opening line of his book, “Life is difficult” and that the journey to spiritual growth is a long one, Dr. Peck never bullies his readers, but rather guides them gently through the hard and often painful process of change toward a higher level of self-understanding.

The Road Less Traveled and Beyond: M. Scott Peck 1998-01-02 The founder of the Foundation for Community Encouragement draws on his counseling experience to lead readers to the spiritual simplicity that lies on the other side of complexity and explains how to cope with the fears and shortcomings of life.

Further Along the Road Less Traveled: M. Scott Peck 2010-05-13 The original The Road Less Travelled spent more than ten years on the bestseller lists and is one of the biggest-selling self-help books of all time. In this wonderfully wise and accessible sequel M. Scott Peck delves more deeply into the issues that confront and challenge all of us in the modern world: blame and forgiveness; sexuality and spirituality; death and the meaning of life; families and relationships; accepting responsibility and growing up.

Writing throughout with insight and sensitivity, he draws on his own counseling experience to lead readers to the spiritual simplicity that lies on the other side of complexity and explains how to cope with the fears and shortcomings of life.

Further Along the Road Less Traveled: M. Scott Peck 1998-01-02 Explores love, relationships, and spiritual growth, covering blame and forgiveness, the New Age movement, death and the meaning of life, and other topics.

Exploring the Road Less Traveled: Alice Howard 1985-11-02

Golf and the Spirit: M. Scott Peck 2009-09-16 Golf. It’s the ultimate head game. And when nothing but the best advice will do, along comes M. Scott Peck, M.D., the celebrated psychiatrist and author of the best-selling self-help book of all time, The Road Less Traveled. In Golf and the Spirit, M. Scott Peck writes a book for beginners and masters alike—and even for nongolfers. It goes beyond mechanics to explore the deeper issues, ways of successfully managing the emotional, psychological, and spiritual aspects of this most wonderful, maddening, deflating, and inspiring game. Playing side by side with M. Scott Peck on an imaginary course of his own design—complete with illustrations of each hole—you will come to see the profound truths in this seemingly simple game. Appreciate that life is not linear. Come to understand your own anger and how to heal that which gets in your way. Accept the gifts of humility. Appreciate kenosis, the process by which the self empties itself of self. Benefit from teachers. Know that in weakness often there is strength. Realize that to experience the blessings of golf and life fully, you must accept the divinity that underlies all things. Like the best-selling volumes of Harvey Penick and Michael Murphy, Golf and the Spirit makes a unique contribution to the literature of golf and life. It goes beyond the body to address the heart and soul of the game, creating a rare opportunity for transformation in the lives of its readers, both on and off the fairway. It seems to me the human condition is most basically that we are willful creatures living in a world that, much of the time, doesn’t behave the way we want it to. We live in the tension between our will and reality. Sometimes with great effort and expertise, we can change reality or bend it to our will. At other times—also with great effort and expertise—it is we who must change by coming to accept the limitations of the world and of ourselves. How we do this—how we deal with the hazards of life—is quite akin to how we deal with the hazards of a golf course. Sooner or later golfers who stick with the game long enough will almost always come to see it as a metaphor for life. But the word metaphor fails to do justice to all that golf has to teach us. I would go further and say that, in its own way, golf is life and, not only that, life condensed. If we choose to use it as such, I believe that golf, next to marriage and parenthood, can routinely be the greatest of life’s learning opportunities.

On the Road Less Traveled: Ed Hajim 2021-03-02 A powerful story touched with family trauma, deprivation, and adversity balanced by a life of hard work and philanthropy! On the Road Less Traveled is the inspirational story of Edmund A. Hajim, an American financier and philanthropist who rises from dire childhood circumstances to achieve professional success and personal fulfillment. At age three, Hajim is kidnapped by his father, driven from St. Louis to Los Angeles, and told that his mother is dead. His father soon abandons him in order to seek employment—mostly in vain—leaving his son behind in a string of foster homes and orphanages. This establishes a pattern of neglect and desertion that continues for Hajim’s entire childhood, forever leaving its mark. From one home to another, the lonely boy learns the value of self-reliance and perseverance despite his financial deprivation and the trauma of being an orphan. As time passes, Hajim displays a powerful instinct for survival and a burning drive to excel. A highly motivated student and athlete, he earns an NROCOT college scholarship to the University of Rochester; serves in the United States Navy; works as an application research engineer; then attends Harvard Business School, where he finds that the financial industry is his true calling. So begins his rapid ascent in the corporate world, which includes senior executive positions at E. F. Hutton, Lehman Brothers, and fourteen years as CEO of Furman Selz, growing the company more than tenfold. He also creates a happy and abundant family life, though he never forgets what it means to struggle. At age sixty, he is reminded of his painful past when a family secret emerges that brings the story full circle.

The Road Less Traveled: M. Scott Peck 2021-01-07
The Road Less Traveled, 25th Anniversary Edition-M. Scott Peck 2002-10-01 Perhaps no book has had a more profound impact on intellectual and spiritual lives than "The Road Less Traveled." In his new Introduction, Dr. Peck recalls how this book evolved from his own early ideas as a therapist who was just beginning his own spiritual growth.

Lessons Learned from the Path Less Traveled Volume 1-Zero Dean 2018-12-12 "NOT EVERYONE WILL UNDERSTAND YOUR JOURNEY. THAT'S FINE. IT'S NOT THEIR JOURNEY TO MAKE SENSE OF. IT'S YOURS." - Zero Dean Lessons Learned from the Path Less Traveled Volume 1 represents nearly a decade of lessons that were all prompted by and learned from actual life that dimmed hopes for a better world. There is no filler here. From page 1 to page 350, everything in this book was written & included with the potential value it may add to reader’s lives in mind. This book is packed with pages of encouragement, food for thought, reminders, and strategies to help readers cope with and overcome life’s challenges. Lessons take anywhere from 5 seconds to 5 minutes to read. Read whenever you want & choose only what you have time for.

Hunt, Gather, Parent-Michaela Doucleff 2021-03-02 NEW YORK TIMES BESTSELLER The oldest cultures in the world have mastered the art of raising happy, well-adjusted children. What can we learn from them? "Hunt, Gather, Parent is full of expert advice, but also makes you go, ‘Wow, I wish I lived in my own kids.’" —Pamela Druckerman, The New York Times Book Review When Dr. Michaela Doucleff becomes a mother, she examines the studies behind modern parenting guidance and finds the evidence frustratingly limited and often ineffective. Curious to learn about more effective parenting approaches, she visits a Maya village in the Yucatán Peninsula. There she encounters moms and dads who parent in a totally different way than we do—and raise extraordinarily kind, generous, and helpful children without yelling, nagging, or issuing timeouts. What else, Doucleff wonders, are Western parents missing out on? In Hunt, Gather, Parent, Doucleff sets out with her three-year-old daughter in tow to learn and practice parenting strategies from families in three of the world’s most venerable communities: Maya families in Mexico, Hadzabe families in Tanzania. She sees that these cultures don’t have the same problems with children that Western parents do. Most strikingly, parents build a relationship with young children that is vastly different from the one many Western parents develop—it’s built on cooperation instead of control, trust instead of fear, and personalized needs instead of standardized development milestones. Maya parents are masters at raising cooperative children. Without resorting to bribes, threats, or chore charts, Maya parents rear loyal helpers by including kids in household tasks from the time they can walk. Inuit parents have developed a remarkably effective approach for teaching children emotional intelligence. When kids cry, hit, or act out, Inuit parents respond with a calm, gentle demeanor that teaches children how to settle down and think before acting. Hadzabe parents are experts on raising confident, self-driven kids with a simple tool that protects against manipulation. Nurture your relationships. Face your fears. Save your life. 2) No filler. Find potential value on any page. 3) Read it your way. Lessons can be read in any order from any page. 4) Read a little or a lot. Lessons take anywhere from 5 seconds to 5 minutes to read. Read whenever you want & choose only what you have time for.
The Dark Night of the Soul—Gerald G. May 2009-03-31 Now in paperback: a distinguished psychiatrist, spiritual counselor and bestselling author shows how the dark sides of the spiritual life are a vital ingredient in deep, authentic human development. Gerald G. May, M.D., one of the greatest spiritual teachers and writers of our time, argues that the dark 'shadow' side of the true spiritual life has been trivialized and neglected to our serious detriment. Superficial and naively upbeat spirituality does not heal and enrich the soul. Nor does the ordinary tendency to regulate deep spiritual growth to only mystics and saints. Only the honest, sometimes difficult encounters with his own spirituality can be called and described in helpful detail as 'the dark night of the soul' can lead to true spiritual wholeness. May emphasizes that the dark night is not necessarily a time of suffering and near despair, but a time of deep transition, a search for new orientation when things are clouded and full of mystery. The dark gives depth, dimension and fullness to the spiritual life. A Touchstone book. Includes bibliographical references.

The Energy of Money—Maria Nemeth, Ph.d. 2010-11-03 A revolutionary program that can free your financial energy, increase your wealth, and help you achieve personal life goals "Money is congealed energy," said Joseph Campbell. And releasing it releases life's possibilities. . . . Thousands of people worldwide have learned how to build a powerful new relationship with their money and bring their dreams to fruition through Dr. Maria Nemeth's dynamic workshops. Now you can, too. In The Energy of Money, Dr. Nemeth—who received an Audio Publishers Award for her Sounds True series on which this book is based—draws upon her more than twenty years' guidebooks medieval texts, including the first official biography of the saint, completed in 1229, just three years after he died. Theris not a spiritual journey for the man whose legend continues to inspire and fascinate millions around the world. From Assisi—a small Umbrian town that now draws two million visitors a year, making it second only to Rome as an Italian pilgrimage destination—Saint Francis crisscrossed Italy for twenty years. And so too does the author travel through the "green heart" of Italy to such hill towns and cities as Siena, Bologna, Venice, Gubbio, and Rome, and to the many mountaintop Franciscan sanctuaries from La Verna and Le Celle di Cortona in Tuscany to the Rieti Valley. Along the way, Francke movingly depicts the many miracles Francis performed and draws us into the splendid beauty of the landscape that inspired the saint's love for nature and regard for all living things. Unlike Francis, however, whose asceticism caused him to add ashes to his food to denude its earthly pleasure, Francke and her husband indulge in the fabled Umbrian cuisine, from wild boar to the region's famed black truffles, and the incomparable local wines. On the Road with Francis of Assisi embraces the spirit and person of its legendary subject, and invites the reader to marvel at his spiritual intensity and follow in his footsteps through the timeless beauty of Italy.

It’s a journey that reflects our own path to healing, self-discovery and self-actualization of becoming awesome - our super human potential. It's the adventure of a lifetime that awaits us in The Path to Awesomeness, our destiny in life which we can only embark by letting go of the old-trodden path. The Path to Awesomeness will teach us life’s greatest lesson - that falling in Love requires a leap of faith, knowing and trusting God will catch us.

Katie Up and Down the Hall—Glenn Plaskin 2010-09-08 A personal memoir by bestselling author and celebrity journalist Glenn Plaskin, KATIE is a moving story about a man who disrupted the lives of neighbors and families. After adopting a cocker spaniel puppy. Through the magnetic personality of his mischievous dog, the author soon makes powerful connections with several of his down-the-hall neighbors in a high-rise located in the unique Battery Park City neighborhood of Lower Manhattan. First, Katie trots into the lives of Pearl and Arthur, a warm-hearted elderly couple just a few doors down from Glenn. Later, John, a single Dad, and his rambunctious young son, Ryan, also move in and are seduced by Katie's charms. All of their lives are profoundly changed as they are transformed from neighbors to friends to family, with Pearl as matriarch. The motherless boy finds a "Granny"; his Dad inherits a mother, Glenn discovers a confidante. Set in New York City, we witness nearly sixteen years of antics and family adventures spanning Hollywood high times, bad health, accidents, blistered winters, even the terrors of 9/11. Through it all, the family clings to each other, sharing a deep bond that give each comfort, support and security. Based upon a widely-read article in Family Circle, here is an unforgettable story about the love that makes a family-one that transcends the hard realities of time, tragedy, and inevitable loss.

The Path to Awesomeness—Frederick Espiritu 2016-03-01 A unique program that includes stress reduction, dietary and nutritional changes, relaxation techniques, and he’s telling her the year is 1856. In the middle of a meadow, staring up at the most handsome man she’d ever seen--Brianne remembers is driving along the highway, outside of New Orleans. When she wakes up after the accident, she finds herself sitting in the middle of a meadow, staring up at the most handsome man she’d ever seen--and he’s telling her the year is 1856.

Timeless Passion—Constance O’Day-Flannery 1998-07-07 The last thing Brianne remembers is driving along the highway, outside of New Orleans. But when she wakes up after the accident, she finds herself sitting in the middle of a meadow, staring up at the most handsome man she’d ever see--and he’s telling her the year is 1856.

The Love You Deserve—Scott Peck 2002 Focusing on the similarities that

unite men and women in loving relationships, this solution-centred guide challenges readers to accept perfect love as a right, not a distant dream. Including 10 principles that disrupt the ways we engage readers to evaluate their relationships and love consciousness from a spiritually awakened perspective. This book encourages both singles and couples to actively pursue healthy and nurturing relationships, to break old patterns, and to set high standards for finding, keeping, and being a good and loving partner.

The Science of Spirituality—Lee Bladon 2007 The Science of Spirituality is a ground-breaking book that integrates the individual systems of science, psychology, philosophy, spirituality and religion into a unified system that describes the multi-dimensional nature of man and the universe. It provides a more comprehensive description of reality than conventional science can offer and fully explains the mechanisms behind an array of paranormal phenomena that mainstream science chooses to ignore. It explains the science behind religious, spiritual and new-age belief systems, and sheds light on some common misconceptions. The Science of Spirituality systematically describes the mechanisms behind a diverse range of subject
matter including: consciousness, sleep and dreams, reincarnation, religion, creation, evolution, space and time, higher dimensions, heaven and hell, ghosts, angels and demons, out of body experiences, near death experiences, clairvoyance, psychic abilities, personal development, meditation and the meaning of life.
